HAPPY BIRTHDAY TO YOU!

EMPLOYEE CENTER

VACATION TIME! Since it is the New Year and plans are in the making for vacation please speak with the dispatch team when requesting off. Please note, all requests must be made 2 weeks prior.

Your Guide to Avoiding Winter Illnesses:

- Avoid close contact with people who are sick and stay away from others when you feel under the weather.
- Wash your hands often using soap and warm water to protect against germs. Don't touch your eyes, nose or mouth if your hands aren't clean.
- Get plenty of sleep, stay physically active and drink plenty of water to keep your immune system strong.
- Manage your stress and eat a nutritious diet rich in healthy grains, fruits, vegetables and fiber.

Use Extreme Caution While Driving in a Winter Wonderland!

Many parts of the country have seen the first snowfall of the season and driving in these conditions can be extremely dangerous. Underneath all the snow can be slick, icy, treacherous roadways! Many drivers will spend a long winter season in these conditions, so it is important to be prepared.

“Approach the New Year with resolve to find the opportunities hidden in each new day.”

SAFETY ZONE

FMCSA – Drug and Alcohol Clearinghouse – IMPORTANT!!!

You must complete the registration process before you can respond to employer consent requests or access your driver record in the FMCSA Commercial Driver's License Drug and Alcohol Clearinghouse. Accessing the Clearinghouse requires the creation of an account with login.gov, a shared service that offers secure online access to participating government systems, including the Clearinghouse.

DOT Medical Exam Certification – IMPORTANT!!!

PLEASE be sure to allow enough time before your medical card expires to complete the exam and then CERTIFY with your licensing state. If your Med Card expires and the new one has not been certified your CDL will be immediately downgraded! This means that you are then driving on an invalid CDL and are subject to serious penalties, including vehicle impound.

MAKE 2020 THE SAFEST YEAR EVER!

- Always wear seatbelts.
- Lift with your legs, not your back.
- Keep 3 points of contact.
- Exercise care at heights to prevent slips, trips and falls.
