“Goodness is the only investment that never fails.”

WE APPRECIATE YOU!!!

A HUGE thank you to everyone who has continued to push through COVID-19. Just remember, when the stores have empty shelves that truck in the right lane doing 65 in a 70 is bringing more food, toilet paper, soap and hand sanitizer. Again, thanks to all the drivers for keeping the supply chain moving! Stay Safe, Stay Alert!

*****International Roadcheck!***** The Commercial Vehicle Safety Alliance's (CVSA) International Roadcheck will take place May 5-7. More information to follow as this approaches.

SAFETY ZONE

Stay Alert!

31% of fatal crashes in work zones involve at least one big vehicle. Obey all work zone signs and signals. Commercial drivers must be constantly vigilant to detect unexpected road conditions, distracted drivers, and motorists who don't understand how commercial vehicles operate.

When making a right-hand turn, many people only look left. But if you're turning right onto a two-lane road, you should also look right and make sure a car is not using your lane to pass. This extra second could help avoid a head-on collision.

April Showers!

Poor driving conditions can clog up the roadways and make for a more dangerous trip. Before you leave, check the forecast and see if inclement weather is headed your way. Leaving a bit earlier or later could make a big difference.
