HAPPY BIRTHDAY TO YOU!

## EMPLOYEE CENTER

**VACATION TIME!** Do not forget to speak with the dispatch team when requesting off. Please note, all requests must be made 2 weeks prior.

**BEAT THE HEAT!** The extremely high temperatures experienced during June all over the country can be taxing and hazardous on both drivers and vehicles. Truck engines can overheat and require the driver to wait in the heat for roadside assistance. Excessively hot roads can affect truck tires and make braking less predictable.

### **WE ARE HIRING!**

Remember – We offer a driver REFERRAL BONUS, tell your friends about us and get them working with a great team! Quick tips to give them below...

- PAID WEEKLY
- Various Start Times
- Dock and Lift-gate Deliveries
- Overtime Available! Local Work!

Please have any referred drivers apply at our website [www.tqmlogistics.com](http://www.tqmlogistics.com). Once we have received an application from them, a Career Coach will be in contact.

## LIVE WELL WORK WELL

**Barbeque season is upon us, SAFETY first!**

Summer Picnic Safety Tips:

- Wash cooking equipment, dishes and utensils between uses. Clean the grill’s surface after each use.
- Store all perishables in a cooler with ice on top, not just underneath. Use one cooler for drinks and one for food.
- Invest in a meat thermometer so you can make sure everything is properly cooked.

## **SAFETY ZONE**

### **\*\*\*INTERNATIONAL ROADCHECK!\*\*\***

CVSA has decided to postpone International Roadcheck to later in the year. Operation Safe Driver Week is still scheduled for July 12-18 and Brake Safety Week is still set for Aug. 23-29. We will update you as more information becomes available!

### **\*\*\*FMCSA announces Hours of Service Final Rule\*\*\***

There has been a final rule updating hours of service rules to increase safety on America's roadways. The FMCSA has updated existing regulations for commercial motor vehicle drivers.

There has been a change to the following:

- Short Haul Operations
- Adverse Driving Conditions
- 30-Minute Break
- Sleeper Berth Exception

### ***You can review the Final Rule changes here:***

### **Stay Safe, Stay Alert, and Drive Safe!**

Save Lives: Don't be a Distracted Driver! There are three main types of distractions: 1. Visual: taking your eyes off the road 2. Manual: taking your hands off the wheel 3. Cognitive: taking your mind off driving

As the driver, you are the final safety link when the journey begins. Your ability to think clearly, choose wisely and act quickly largely determines whether you will successfully and safely complete your trip.
