## EMPLOYEE CENTER

**Taking Responsibility for your Retirement Fund!** Relying on pension funds and Social Security is no longer enough when planning for retirement. Keep the following money-saving tips in mind:

- Set a goal
- Open an Individual Retirement Arrangement (IRA)
- Learn about our retirement plan (we have the best 401k in the business!)
- Review your benefits statement
- 

We recently hired on board Thomas Dillon, Tom takes the phones after hours when the office closes. His focus is to make sure that everything runs smoothly while in his hands. He communicates between customers and drivers after hours with any questions they may have regarding routes and positions for the next day. Tom also works to ensure that all new applicants coming through the hiring process are on the right track and getting ready to start their employment with TQM.

Please have any referred drivers apply at our website [www.tqmlogistics.com](http://www.tqmlogistics.com). Once we have received an application from them, a Career Coach will be in contact.

## **REMINDERS!**

Our office will be closed for the Labor Day Holiday on Monday September 7th.

We are ALWAYS available by phone 800-458-5114. We have a 24/7 phone line, we are always here for your needs!

## SAFETY ZONE

**BACK TO SCHOOL!** With back to school month being here and approaching quickly please remember restrictions and regulations while driving through school zones. Reduce your speed when traveling through school zones. Depending on the type of roadway the school zone is in, this speed limit could be as low as 10 or 15 mph. Regardless, the speed limit in school zones will be significantly lower than what is posted on other areas of the same roadway.

Be aware of the likelihood of inexperienced and reckless drivers in and near schools. Youthful drivers may make mistakes in judgment so be sure you are looking out for yourself by looking out for the mistakes of other drivers. Drive defensively.

Slow down while approaching children that are awaiting school buses. Always stop for buses and wait patiently until all children have crossed the street safely. Pay attention to bus signals and wait until the bus has begun moving before you proceed.

### **Trucker Fun Facts!**

- There are currently about 15.5 million trucks operating on US roads and highways.
- The average commercial 18-wheeler uses about 20,500 gallons of fuel each year. You and I use about 500 gallons a year in the family car.
- Among the top goods transported are clothing, food, furniture, electrical products, and machinery parts.
- Trucker's account for 12.8 percent of all the fuel purchased in the US.
