Winter is here! Travel bans for all tractor-trailers and motorcycles, except those carrying emergency supplies, happen often remember to always check state announcements before heading out during the winter season.

### **Theres an App for that!**

Professional truck drivers open chat, like a CB.

TruckChat app offers trucking community the ability to provide each other with support for anything related to trucking. The app allows truckers to help other truckers and offers commercial entities the ability to broadcast their messages to directly to truckers in the area.

Accurate information is critical for the efficiency and safety of commercial drivers. TruckChat allows drivers to anonymously post and view messages within a predefined geographic area considering the truckers current position while travelling.
