## SAFETY ZONE

**\*\*\*International Roadcheck!\*\*\*** The Commercial Vehicle Safety Alliance's (CVSA) International Roadcheck will take place May 17-19.

This year, the focus will be on wheel ends. Wheel end components support the heavy loads carried by commercial motor vehicles, maintain stability and control, and are critical for braking.

According to the FMCSA, more than 75,000 violations related to tires have been logged so far this year with more than 45,000 of those resulting in out-of-service violations.

This year's Operation Safe Driver Week is scheduled for July 10-16. Law enforcement personnel in the U.S., Canada and Mexico will be on roadways throughout that week issuing warnings and citations to commercial motor vehicle and passenger vehicle drivers engaging in unsafe driving behaviors, such as speeding, distracted driving, following too closely, improper lane change, drunk or drugged driving, etc. More information to follow as these approaches.
